ETI

5.1 Wages and benefits paid for a standard working week meet, at a minimum, national legal standards or industry benchmark standards, whichever is higher. In any event wages should always be enough to meet basic needs and to provide some discretionary income.

5.2 All workers shall be provided with written and understandable information about their employment conditions in respect to wages before they enter employment and about the particulars of their wages for the pay period concerned each time that they are paid.

5.3 Deductions from wages as a disciplinary measure shall not be permitted nor shall any deductions from wages not provided for by national law be permitted without the expressed permission of the worker concerned. All disciplinary measures should be recorded.

Current Systems and Evidence Examined

To complete 'current systems' Auditors examine policies and written procedures in conjunction with relevant managers, to understand, and record what controls and processes are currently in place e.g. record what policies are in place, what relevant procedures are carried out, who is/are responsible for the management of this item of the code. Evidence checked should detail any documentary or verbal evidence shown to support the systems.

Current systems:

1. Based on review of wage records, the facility has paid the applicable minimum wages to all the employees.
2. Based on employee's interview, wages are fixed on daily rated, calculated and paid on monthly basis on or before 7th of respective month.
3. Based on employee's interview, wage slips are provided to all the employees and employees are aware of their wage calculations.
4. Based on wage record review, all employees were covered under social security benefit of employee's state insurance & Employee provident fund.
5. Deductions from wages as a disciplinary measure and any other illegal deductions are not permitted as per the facility rules.
6. Based on employee's interview and record review all the employees are received appointment letter with written and understandable information about their employment conditions in respect to wages.

Evidence examined – to support system description (Documents examined & relevant comments. Include renewal/expiry date where appropriate):

[\(Click here to return to Key Information\)](#)

ETI

6.1 Working hours must comply with national laws, collective agreements, and the provisions of 6.2 to 6.6 below, whichever affords the greater protection for workers. Sub-clauses 6.2 to 6.6 are based on international labour standards.

6.2 Working hours, excluding overtime, shall be defined by contract, and shall not exceed 48 hours per week.

6.3 All overtime shall be voluntary. Overtime shall be used responsibly, taking into account all the following: the extent, frequency and hours worked by individual workers and the workforce as a whole. It shall not be used to replace regular employment. Overtime shall always be compensated at a premium rate, which is recommended to be not less than 125% of the regular rate of pay.

6.4 The total hours worked in any 7-day period shall not exceed 60 hours, except where covered by clause 6.5 below.

6.5 Working hours may exceed 60 hours in any 7-day period only in exceptional circumstances where **all** of the following are met:

- this is allowed by national law;
- this is allowed by a collective agreement freely negotiated with a workers' organisation representing a significant portion of the workforce;
- appropriate safeguards are taken to protect the workers' health and safety; and
- The employer can demonstrate that exceptional circumstances apply such as unexpected production peaks, accidents or emergencies.

6.6 Workers shall be provided with at least one day off in every 7-day period or, where allowed by national law, 2 days off in every 14-day period.

Current Systems and Evidence Examined

To complete 'current systems' Auditors examine policies and written procedures in conjunction with relevant managers, to understand, and record what controls and processes are currently in place e.g. record what policies are in place, what relevant procedures are carried out, who is/are responsible for the management of this item of the code. Evidence checked should detail any documentary or verbal evidence shown to support the systems.

Current systems:

Factory has biometric system to record the attendance of the workers. Through employees' interview and factory policy it was noted that overtime is voluntary. The overtime wage rate is 200% of the regular wage rate. As per the reviewed records, the regular working hours and overtime working hours followed the legal and client requirement.

Comparison between ETI code and Customer's Supplier's Code. Any areas where a site complies with the Customer's Supplier Code, but not with the ETI code are discussed at the audit close out meeting and recorded on the CAPR. Note to supplier "for this customer it may not be necessary to complete corrective actions where NC's DO NOT meet the ETI code, but DO meet your customer's code. If the audit is shared with other customers who work to the ETI code or an equivalent international standard, corrective actions will be necessary."
